OF BLACKBERRY ROOT. It is almost needless to say that this preparation, for an effectual and certain cure for Dysentery, Acute and Chronic Diarrhosa, Flux, and all kindred diseases, far excels any other known remedy. It not only cures the disease, but strengthens the intestinal organs and invigorates the entire system. We do not claim it to cure every thing, but we guarantee it to cure the diseases we name above. For children it has no equal, being both mild and safe in its effects; and for females it is the best strengthener and appetizer known. Can be taken at all times with perfect safety. For sale by all druggists.
